CMH Association and Member Activities

17th Annual ‘Walk a Mile in My Shoes’ Rally

“The 17th Annual ‘Walk a Mile in My Shoes’ Rally will be held IN PERSON this year at the State Capitol on September 29, 2021. Each year, we draw more than 2,500 advocates from across Michigan to the Capitol Building to support public behavioral healthcare. This rally aims to highlight the need for increased funding for mental health services, raises awareness of behavioral health needs in health and policy discussions and works to banish behavioral health stigmas. There are more than 300,000 citizens in Michigan who seek behavioral health services. Join us on Wednesday, September 29 as we rally together on the Capitol Lawn for increased mental health funding and the need for behavioral health to be continually included in policy discussions.

The Walk A Mile packet can be [downloaded here](#).

Seeking Nominations: Nick Filonow Award of Excellence for 2021

The Nick Filonow Award of Excellence recognizes eligible individuals, committees or groups that have made a significant contribution or effort to improve the public mental health community-based system at a local or state-wide level through finance, technology or quality efforts.

Nominations may be submitted by any of the following eligible member groups: CMHSP; CMHA Affiliate Member Agency, CMHA Executive Board, PIHP, or CMHA Standing Committee.

DEADLINE FOR NOMINATIONS IS FRIDAY, OCTOBER 1ST, 2021 AT 5:00PM. All nominations will be reviewed by the Improving Outcomes Conference Planning Committee. Award recommendations will be based on the quality of the nomination, its support information and attachments, not the number of nominations an individual receives. The award will be presented during the CMHA Improving Outcomes December Conference.

You can download a copy of the nomination form by [CLICKING HERE](#).

Traveling Art Show

Traveling Art Show VI features pieces from Consumer Art Contests across Michigan. Anyone interested in any of the pieces shown may contact Monique at mfrancis@cmham.org. Those NOT sold by October 1, 2021, will be auctioned off at the 2021 Fall Conference in Traverse City, Michigan. Art may be available for viewing locally or on the [CMHA website](#). Check with your local CMH for more information or email Monique at mfrancis@cmham.org.

State & National Developments and Resources

Michigan CCBHC Medicaid bulletin issued

Below are excerpts from a recently released bulletin, by the Medical Services Administration of the Michigan Department of Health and Human Services regarding the state's Certified Community Behavioral Health Clinics (CCBHC) demonstration project.

CCBHC General Information

A. Overview: The CMS CCBHC Demonstration requires states and their certified CCBHC sites to provide a robust set of coordinated, integrated, and comprehensive services to all persons with any mental illness or substance use disorder (SUD) diagnosis. Moreover, the demonstration requires and emphasizes 24/7/365 crisis response services (e.g., mobile crisis services). Other critical elements include, but are not limited to, strong accountability in terms of financial and quality metric reporting; formal coordination with primary and other care settings to provide intensive care management and transitions; linkage to social services, criminal justice/law enforcement, and educational systems; and an emphasis on providing services to veterans and active-duty service members. To account for these requirements, the state must create a prospective payment system (PPS) reimbursement structure that finances CCBHC services at an enhanced payment rate to properly cover costs and offer greater financial predictability and viability. The PPS is integral to sustaining expanded services, investments in the technological and social determinants of care, and serving all eligible Michigan residents regardless of insurance or ability to pay. MSA 21-34 Page 2 of 13

B. Purpose: The purpose of this policy is to define the operational requirements needed to implement the CCBHC Demonstration.

C. CCBHC Demonstration Handbook: MDHHS created a companion operational protocol to this policy for Prepaid Inpatient Health Plans (PIHPs) and CCBHCs called the CCBHC Demonstration Handbook. The CCBHC Demonstration Handbook provides further detail and guidance to execute the provisions of this policy. Collectively, this policy and the CCBHC Demonstration Handbook comprise MDHHS' requirements of the PIHPs and CCBHCs regarding the clinical, financial, and operational facets of the CCBHC Demonstration. The CCBHC Demonstration Handbook can be accessed on the MDHHS CCBHC website.

Pew Charitable Trusts: States Have Money to Spend on Mental Health, but It May Not Last

Below are excerpts from a recent article published the Pew Charitable Trusts on the sustainability of mental health services funded with short-term relief dollars.

But there's a catch. After the relief funds run out—the money must be spent by the end of 2026—state leaders will have to find other ways to fund any programs, services or staffing increases they spend federal dollars on now.

State leaders need to make sure they don't start a successful new program only to get rid of it five years later, said Dr. Brian Hepburn, executive director of the National Association of State Mental Health Program Directors, an Alexandria, Virginia-based membership organization.

"If it's just a blip—if this is just a one-time only, and we're only seeing an improvement over the next couple of years, that's not very helpful," Hepburn said.

The full article can be [found here](#).

State Legislative Update

View August's Legislative Video on CMHA's Website

The Capitol Briefing is a monthly resource available to CMHA members providing a high-level overview of the key items impacting the public mental health system at the State Capitol.

Our August briefing features CMHA Associate Director, Alan Bolter, provides an update regarding the FY22 budget, and the Senate and House behavioral health redesign proposals.

Senate Appropriators See Budget Being Completed In Timely Fashion

Senate appropriators are confident a budget can be ironed out between the Legislature and administration and be signed before the budget deadline at the end of the month, with some federal pandemic relief dollars likely to be included in at least one supplemental appropriations package before the end of the year.

Sen. Jim Stamas (R-Midland), chair of the Senate Appropriations Committee Track, said Tuesday that budget talks continue to progress. Mr. Stamas said appropriations subcommittee chairs are expected to have their reports completed this week. Appropriations leaders will then review them with Budget Director Dave Massaron next week and begin to hash out differences.

This progress comes on the heels of an agreement on budget targets reached late last month between appropriators and the Whitmer administration

"I'm very upbeat on where we're at," Mr. Stamas said, adding he was confident the budget could be finished and delivered to the governor on time. The senator said he believes a clearer picture of the differences between the Legislature and administration will emerge next week.

Lawmakers passed a record K-12 budget in late June before leaving for their traditional summer recess.

Federal Update

Key Legislation Introduced to Expand CCBHC Program

Last month, a bipartisan group of Senators led by Sens. Debbie Stabenow (D-Mich.) and Roy Blunt (R-Mo.) [introduced](#) the Excellence in Mental Health and Addiction Treatment Act of 2021, legislation which would allow for the broad adoption of the Certified Community Behavioral Health Clinic (CCBHC) model.

If passed, this bill would:

- Allow any state or territory to participate in the CCBHC Medicaid Demonstration program and allocate additional planning grant monies for states to prepare to do so. (Currently, only 10 states are in the demonstration.)
- Authorize \$500 million for Substance Abuse and Mental Health Services Administration (SAMHSA) CCBHC Expansion Grants, an important tool in helping provider organizations adopt the CCBHC model and prepare for participation in state led CCBHC implementation efforts.
- Establish and fund a technical assistance center for current and prospective CCBHCs within SAMHSA.

Expanding the CCBHC model is a core priority of the National Council for Mental Wellbeing, as it represents a transformational change in the way people access mental health and substance use services. Access to high-quality care should not depend on where a person lives, so we will do everything in our power to ensure no one gets left behind.

CCBHCs make a difference by promoting community wellbeing.

That's why we're committed to giving every National Council member the option to transform your clinic by becoming a CCBHC and gaining access to sustainable funding. Our [CCBHC Success Center](#) can help your clinic prepare to become a CCBHC, and I urge you to leverage all our resources.

[Urge your legislators to support this important legislation.](#)

News from Our Preferred Corporate Partners

Relias: Introduction to trauma-informed care

Over 90% of people receiving behavioral healthcare have a history of trauma. In this course, you will learn about the various types of trauma, the long-lasting consequences of trauma, and what it means to provide care through a trauma-informed lens.

Through interactive practice scenarios and detailed examples, you will learn the scope of your role and responsibilities when you are serving individuals with histories of trauma. You will examine best practices to implement, as well as how to avoid harmful ones that can further perpetuate the suffering and silence of trauma. As you complete this course, you will gain a deeper understanding of how your personal history can impact your work with trauma survivors. Importantly, you will learn what it means to provide trauma-informed care, and why this approach is a multi-faceted one that you should consider for the individuals you serve.

This training is designed for behavioral healthcare professionals who interact with individuals in a variety of behavioral healthcare settings, including those with basic to intermediate levels of experience with trauma.

Abilita: Top Ten Times for a Communications Review

It's never a bad time to review your organization's communications technology expenses, and never a better time to enlist the help of a specialist. That's because there are certain milestones when not having a good handle on spending and inventory can result in the greatest financial risk.

Here are our top 10 scenarios for a Communications technology expense review and inventory update:

- Before a Move
- After an acquisition or merger with another company
- Upon Contract Renewal with Communications Service Providers (before and after)
- After Closing a Site
- When there are changes in Regulatory Charges
- When moving from Premise to Cloud-Based Services

- When Transforming Network Technology
- When a New Person is taking over responsibility for Communications Technology Management
- When changing to a new Data Center Provider
- When Employees Work from Home
